Blast Fatal To SIU Youth

Gun Discharges In Horseplay Session in Room

CARBONDALE, Ill. (UP)—A 19-year-old Southern Illinois University sophomore was killed early today by a shotgun blast discharged during a "horseplay" session in the room where he lived with three other students.

The dead youth was identified as Robert M. Batura, Danvers, Mass., a chemistry major and a member of the SIU football squad.

Police reported the shotgun was apparently discharged accidentally while the students were engaged in "horseplay" in their room.

The police held one of Batura's roommates, Fred J. Snroll, 20, Sterling, for questioning.

The two other roommates were identified as John Abramovich, 21, Haverhill, Mass., and Henry W. Hillman, 18, Park Ridge.

The shooting occurred shortly after midnight.

Freezing Rain Warning In Springfield Area

SPRINGFIELD (UP)—The Weather Bureau today issued a warning that freezing rain or sleet would hit the Springfield area beginning early this afternoon and change to snow with a total accumulation of three to four inches.

The State Highway Division, meanwhile, reported all state routes were clear of ice and snow.

Chamberlain is Indicted on Murder Charge

Held Without Bail On Recommendation Of State's Attorney

The December circuit court grand jury convened for about an hour and a half this morning, then returned an indictment charging murder against Roy L. Chamberlain, 47-year-old Harrisburg resident.

The indictment, returned to Circuit Judge C. Ross Reynolds, charged Chamberlain with fatally shooting John Eston Ledbetter, 49, in Chamberlain's home the evening of Nov. 26.

State's Attorney Robert V. Wilson said the indictment was returned with the name of the defendant listed as "LeRoy alias Roy L." Chamberlain as birth records showed his name to be LeRoy Chamberlain.

Wilson recommended to Judge Reynolds that Chamberlain be held without bail, so he is being held without bail.

Three defendants were arraigned before Judge Reynolds this morning but no pleas were accepted. Chamberlain and Don B. Garrison were not among them. Atty. D. F. Rumsey and Atty. Joe M. Butler are Chamberlain's hired counsel.

10 Days for Garrison Motion

Butler was present also to represent County Clerk Garrison, who was not in town. Judge Reynolds gave Garrison's counsel ten days in which to make any motions they desired concerning possible quashing of the indictments against Garrison. The clerk is charged with embezzlement of \$6,400.20 of funds from his office.

Arraigned before Reynolds were Eugene Potts, Cecil Wayne Simon and Benny Joe Hartwell.

Potts, held in lieu of \$5,000 bond on an indictment charging that he committed rape on Oct. 1, heard the indictment read to him by the judge and the court appointed Atty. Joe Butler to represent him.

Atty. Lester Lightfoot was appointed by the court to defend Simon and Hartwell, held in lieu of bonds of \$2,000 each on burglary and larceny indictments. They are charged with entering Godard's Farm Market Sept. 12 and stealing an automatic pistol and 10 pocket knives.

To Boost Soil Bank Payments

WASHINGTON (UP)—The Agriculture Department today announced a sharp increase in soil bank payments to farmers for the coming year.

The amounts paid to farmers per acre for not planting their full allotments will be substantially higher in 1957 on all five of the so-called basic crops.

The average per-acre payment rate for not producing corn will be \$42.66, compared with \$33 in 1956.

Other 1957 soil bank average rates are wheat, \$20.04, compared with \$8 this year; cotton, \$54.15, compared with \$24 in 1956; rice, \$68.18, compared with \$50 this season.

Gov't Plans Court Fight Against Bethlehem-Youngstown Merger

WASHINGTON (UP)—Both Bethlehem Steel Corp. and the Justice Department today hoped for a quick decision in their coming court fight over Bethlehem's proposed merger with Youngstown Sheet & Tube Co.

Bethlehem—the world's second biggest steel company—announced in New York Tuesday it will go ahead with plans to merge Youngstown despite previous Justice Department warnings the merger will violate anti-trust laws.

Atty. Gen. Herbert Brownell Jr. announced immediately that the Justice Department will file a civil anti-trust suit in an effort to block the merger.

One of Biggest Mergers
The merger would be one of the biggest in American history, creating a corporation with assets totalling more than \$2 billion and annual steel output of 24.8 million tons.

However, the enlarged Bethlehem still would rank well below the nation's and the world's largest steel company—the giant U. S. Steel Corp. U. S. Steel's annual output is 39.1 million tons. Bethlehem currently has a rated

steel-making capacity of 19.1 million tons a year. Youngstown—the nation's sixth ranking steel firm—has a capacity of 5.75 million tons a year.

Brownell contends that the merger would bring about a restraint of trade and would tend to create a monopoly. He said the anti-trust laws directed the department to oppose mergers which tend "to create a monopoly."

Hope For Quick Settlement
Bethlehem officials countered that contrary to the government's position the merger actually would tend to stimulate trade in the industry.

Justice Department and Bethlehem officials said they hope the government's suit can be quickly brought to court and settled.

Bethlehem announced more than two years ago its intention to merge with Youngstown through stock acquisitions. Brownell warned against it.

Officials of Bethlehem and Youngstown said details of the newly proposed merger have not been worked out yet. They said the plan would have to be submitted to the stockholders.

Ill-Tempered Nanny Goat Ties Up Busy Traffic

JACKSON, Miss. (UP)—A quarrelsome nanny goat jammed traffic for an hour on a busy suburban street Tuesday by butting all comers.

"That's the biggest goat I ever saw," Patrolman George Carver said. "She pushed my car with her head and I pushed her with my car. Every time one driver would get around her, she'd step into the road to stop another and start bumping his car."

Mrs. Morris Gordon, owner of the ill-tempered nanny, admitted the episode was not the first.

"I just don't know what to do with that goat," she said. "If I pen her up, she gets out. If I tie her up she is unhappy and loses weight."

War Bride Gives Birth to Second Set of Triplets

CHICAGO (UP)—A 37-year-old English war bride said today she was "thrilled" at giving birth to a second set of triplets.

American Medical Assn. officials said their records show only one other case where a mother gave birth to two sets of triplets.

The triplets, all boys, were born to Mrs. Frances Blankenship, the former Frances Welton of Uundle in North Newhamptonshire County, England.

Her husband, Willard, 35, an apprentice painter for the Illinois Central Railroad, said he was particularly proud "since they're all boys." But he added:

"This is enough. We've had it." The triplets were born Monday night within seven minutes of one another at Jackson Park Hospital. They are named Jeffrey Allen, Kevin Wayne and Leslie Ivan.

Mrs. Blankenship gave birth to her first set of triplets on May 1, 1952, but one child died at birth. The survivors were named Joanne and Michael Jean.

Multiple births run in Mrs. Blankenship's family. She has a twin brother and Blankenship's father was a twin.

Three Saline County Men Hurt In Auto Collision

Three Saline county men were hospitalized yesterday following a collision of two automobiles on Route 13 a half mile east of Route 166, or about four and a half miles east of Marion.

Floyd Tapley of Eldorado, driver of one car, was taken to Pearce hospital in Eldorado, and his passengers, Bob Keltner and Delmar Ewell, both of whom reside on South Main street in Harrisburg, were taken to the Veterans hospital at Marion.

Ewell was released from the hospital following treatment.

State Policemen Guthrie Alexander and Michael Taggart reported that autos driven by Tapley and by Leonard Walker figured in the collision. Walker, formerly of Harrisburg and now of Carbondale, also was taken to the Veterans hospital.

The three Saline county men were returning from a hunting trip on Crab Orchard lake. It was learned, and Walker was driving west.

Oscar Wilkins of Walnut Grove Dies

Oscar Wilkins, 73, retired coal miner of the Walnut Grove community on Carrier Mills RFD 2, died at 6:15 p. m. yesterday at his home.

He leaves one sister, Mrs. Mary Fitzgerald, Carrier Mills.

Funeral services will be held Friday at 2 p. m. at the Walnut Grove church. Rev. Walter Holmes will officiate and burial will be in the Walnut Grove cemetery. The body will lie in state at the Gibbons funeral home until Thursday morning at which time it will be taken to the residence.

Illinois Votes 53,669-12,985 For Base Plan

Farmers in Saline County Approve Soil Plan, 188-60

Illinois farmers have overwhelmingly approved the soil bank base acreage program for 1957 corn production, the United Press reported today from Washington.

The Illinois vote was 53,669 in favor of base acreages and 12,985 for acreage allotments, or an 80.5 per cent majority in favor of its soil bank plan where a two-thirds majority was needed.

And the indications were, the UP dispatch said, that farmers in other big corn-producing states also approved the wide base acreage program with a wide enough margin to carry the plan.

County Vote, 188-60

In Saline county, the complete, unofficial corn referendum vote was 188 for the soil bank corn acreage, 60 for the corn acreage allotment and 111 challenged votes.

It was explained here that most of the challenged votes were on the question of who held the deeds to the corn land and that they would be brought up when the canvass is made of the vote. Undoubtedly the unofficial totals will be changed, it was stated.

The vote here was conducted by the Saline County Stabilization and Conservation committee, with farmers voting at five polling places in the county.

The result by polling place: 1. Carrier Mills and Stonefort townships, voting at Carrier Mills: 22 for soil bank corn base acreage, 3 for corn acreage allotment and 5 votes challenged.

2. Harrisburg, Brushy and Raleigh townships, voting at Harrisburg: 43 for soil bank corn base acreage, 9 for corn acreage allotment and 24 votes challenged.

3. Eldorado, Cottage and Rector townships, voting at Eldorado: 64 for soil bank corn base acreage, 13 votes challenged.

Cow Stumbles, Falls On Farmer

ALTON, Ill. (UP)—A Bunker Hill, Ill., farmer was suffering severe bruises from being fallen on by a cow.

Thirty six year old Earl Schmidt was milking the animal on his Macoupin County farm Tuesday when it stumbled. Schmidt put his arms up to brace the cow, but it was too heavy and fell on his shoulders and neck.

Schmidt was treated for torn ligaments in his shoulder and bruises at Alton Memorial hospital. X-rays revealed no broken bones.

Irish Nationalists Raid Northern Ireland in Attempt to Seize Arms

BELFAST, Northern Ireland (UP)—Irish nationalists attacked army, police and government installations across Northern Ireland today in a gun blazing attempt to seize a fortress full of arms.

Sentries and police patrols foiled the main assault on a British army regimental headquarters at Armagh, but the nationalists seized 200 pounds of dynamite in one of 12 raids.

They also destroyed a radio transmitter and damaged bridges.

The raids, carried out under cover of a battering northern gale, was the biggest single campaign since Northern Ireland's six counties were separated from the rest of Ireland 34 years ago.

Northern Ireland mobilized its emergency force of 12,000 police

and police reserves. In Britain it self the Home Office alerted police and army posts throughout the country.

The latest attack reported was near Enniskillen where the raiders, operating in one of a series of coordinated raids, seized 200 pounds of dynamite stored in a quarry. A nearby unoccupied national guard armory was blown up.

Police patrols intercepted another raiding squad headed for the British Royal Air Force radar station at Torr Head on one of Ireland's northernmost points.

In this skirmish the raiders opened fire and police shot back. Three nationalists were captured. The radar station, one of NATO's main watchposts against attack from the East, was not harmed.

Russia Charges U. S. Intervention In Propaganda Blast Before UN

UNITED NATIONS, N. Y. (UP)—Russia charged the United States today with "intervention" in the domestic affairs of Iron Curtain countries and "subversive activities against these states."

The charge apparently was a propaganda countercheck against the United States. Soviet Deputy Foreign Minister Vasily V. Kuznetsov asked the General Assembly to consider the item as the assembly neared the voting stage on a 20-nation resolution calling on Russia to "desist forthwith" its intervention in the affairs of Hungary.

The resolution also condemns Russia for its brutal repression of the Hungarian freedom revolution and urges the Kremlin to get its troops out of Hungary immediately.

Kuznetsov titled his item: "Intervention by the United States in the domestic affairs of the people's democracies and subversive activities against those states."

Another resolution before the assembly calls on Secretary Gen-

eral Dag Hammarskjold to go to Moscow if necessary to seek a solution to the Hungarian problem. The resolution is sponsored by India, Ceylon, Burma and Indonesia.

A third measure, sponsored by Austria, authorized Hammarskjold to negotiate the Hungarian situation with the aid of any U.N. member and to report to the assembly before the Christmas recess.

Meanwhile, the Security Council unanimously recommended the election of Japan as the 80th member of the United Nations. Final approval by the General Assembly is expected next week.

Honor Student Indicted for Bank Robbery

CHICAGO (UP)—A federal grand jury indictment was on file today against an 18-year-old honor student charging him with robbing a rural Illinois bank of \$19,695.

The youth, John Robert Wagner, was arrested in Oklahoma City, Okla., when authorities became suspicious of his free spending on call girls and a souped-up car.

Wagner waived all preliminary trial rights in Oklahoma City, and the U. S. attorney's office there said he will be returned to Illinois to stand trial.

Wagner was indicted Tuesday on charges of robbing the Richmond, Ill., State Bank last August. Maximum penalty for conviction on the charge is 25 years in jail and a \$25,000 fine.

The youth said he turned gunman to help pay his way through Massachusetts Institute of Technology because his parents "couldn't afford it."

However, Wagner dropped out of MIT last month and drove to Oklahoma City where he embarked on a wild spending spree. The son of a Chicago court bailiff, Wagner had a brilliant high school record in Chicago.

Soil Bank Base Program Fails to Gain Approval

To Permit Planting Of 37,288,889 Acres in 1957

BULLETIN

WASHINGTON (UP)—Secretary of Agriculture Ezra T. Benson said today there will be "serious problems" in administration of the 1957 acreage allotment corn program which farmers approved in a referendum Tuesday.

WASHINGTON (UP)—The 1957 corn crop will be produced under the traditional acreage allotment program instead of the soil bank's base acreage plan used for the 1956 crop.

Farmers in the 24-state commercial corn area turned down the base acreage proposal in a referendum Tuesday.

A preliminary count in the Agriculture Department showed they cast 257,874 votes in favor of base acreages against 163,227 for acreage allotments. The base acreage proposal needed a two-thirds majority to gain approval. It received only 61.2 per cent.

There were 17,745 challenged votes. Even if all those eventually are counted in favor of base acreage, the majority would be only 62.8 per cent.

Approve Marketing Quotas

In four other referenda Tuesday, farmers approved overwhelmingly marketing quotas for cotton, extra long staple cotton, rice, and peanuts.

Adverse votes in the big corn-producing states of Minnesota, Iowa, Missouri, Wisconsin, and Nebraska were chiefly responsible for the defeat of the base acreage plan. Other states which voted against the plan were Arkansas, Kansas, North Dakota, South Dakota, and Virginia.

Opposition to the base acreage plan by the National Farmers Union (NFU) was believed to be a key factor in the defeat of the proposal. NFU officials and members campaigned heavily in Minnesota, the Dakotas, Iowa, and Nebraska against base acreages.

The acreage allotment plan permits farmers to plant 37,288,889 acres in 1957—a cut of 16 per cent from the acreage allotment set for the 1956 crop before a base acreage program superseded it. The price support for 1957 will be \$1.36 a bushel, or 77 per cent of parity.

Would Raise Allotments

Sen. Hubert H. Humphrey (D-Minn.) has said he would introduce legislation to raise the acreage allotments in 1957 to 49 million acres. This would give farmers in the commercial area a far greater base than the acreage allotment set earlier by Secretary of Agriculture Ezra T. Benson.

Illinois, the largest corn-producing state for 1955 and 1956, voted 53,669 to 12,985—80.5 per cent for base acreages. But Iowa, traditionally the number one corn state, voted 50,469 to 34,424—only 59.5 per cent for the plan.

Disgrace for Russia

Editorial — By BRUCE BLOSSAT

There is justified concern in many capitals over the inroads the Soviet Union has made in the Middle East. At the same time, powerful offsetting factors can't be overlooked.

In suppressing the revolt in Hungary the Russians have made nearly every conceivable mistake. Indeed, from the viewpoint of their world standing it is reasonably accurate to say they have done nothing right.

They have employed a brutal weight of arms, mass deportations and cold and hunger to crush this embarrassingly protracted uprising. And now they have added kidnapping to their catalog of crimes, having made off with former Premier Imre Nagy after pledging Yugoslavia they would give him a safe conduct home from his refuge in the Yugoslav embassy.

The ruthless bludgeoning of Hungary before the world's eyes has brought havoc to the Russian cause in quarters heretofore never disturbed by Moscow's course of tyranny.

The Communist parties of Western Europe have been badly shaken. A number show strong signs of veering off on an independent path. There have been reports of Red members marching on party headquarters, tearing up their cards in the presence of leaders, and stalking off in fury.

The Red Chinese government in Peking has voiced an indirect but still unmistakable disapproval of the scale of Soviet repression in Hungary.

Yugoslav President Marshal Tito, so recently judged to be moving back to closer affinity with Moscow, has once again turned sharply away from the Kremlin. The Nagy kidnap incident seemed likely to drive a deep wedge that no chummy meeting with Bulganin and Khrushchev could quickly close.

More broadly, the whole United Nations again and again has seen fit to condemn Soviet actions in clear and overwhelming terms. And in one of its most recent censures, the lead was taken not by the West but by neutral India, Burma and Indonesia.

In this vote test, Poland, itself having just hammered out a small measure of freedom from Russian dictate, boldly abstained from supporting the Kremlin. All the satellites are in great ferment.

The net effect of Russia's Hungarian depredations has been to elevate the United States in the eyes of the Afro-Asian nations, while downgrading Moscow's position. The gains, to be sure, are still tenuous, but they may become more solid when Prime Minister Nehru visits President Eisenhower in December.

Obviously when a new balance is struck in the continuing East-West struggle for supremacy, it is far from a foregone conclusion that the scales will be more definitely in Moscow's favor. They may in fact swing more strongly toward the United States and its friends.

Rally for Big Newk

Whether or not you pay any attention to baseball, you can perhaps find a certain satisfaction in reading of the rewards now piling up for Don Newcombe, big pitcher for the Brooklyn Dodgers.

Always one of Brooklyn's winningest pitchers, Newcombe somewhere along the line began to be assailed by some fans and writers as a man who couldn't "win the big ones."

Going into the 1956 World Series, he's never won a Series game. When he failed twice this time, the cry really went up. No more disconsolate figure ever trudged off an athletic field. Newcombe was not only beaten; he was crushed in spirit.

Then, from an unexpected quarter, came a great boost for his morale. On tour in Japan he got a letter from President Eisenhower, who told him simply to forget the games he'd lost and remember the 27 he won in the regular season. More helpful still, the sports

Give Until It Hurts—They Did

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says: Khrushchev Emerges At Top Again; Ike Doesn't Know What To Do About Hungary; U. S. Will Have To Supply Oil To Egypt.

WASHINGTON. — The see-saw of power politics inside the Kremlin has put Party Chief Nikita Khrushchev on the upgrade again.

The reason is that even though the full might of the Red Army has turned loose against the Hungarians, the revolt against Communist rule in this brave little country is still going on. This puts Khrushchev in the position of saying "I told you so," because he had opposed using the Red Army against the Hungarians. U. S. sources in Russia report that the Kremlin shows every sign of being confused and jittery over what to do next. Now that the Red Army has embarked on a policy of brutal reprisals, it cannot turn back. It is certain to be more ruthless than ever.

AIR LIFT TO HUNGARY????

Top administration officials have been instructed by President Eisenhower to try to come up with a dramatic gesture of friendship to all of the enslaved people in the satellite countries.

Ike has told his staff that we must take some spectacular steps to reassure the satellite people that we have not forgotten them.

One idea still in the planning stage is to set up a large airlift operation to carry food, clothing, and medical supplies into the satellites. Various advisers warn, however, that this would risk war.

CAB RIDES THE NEW JET

Before the Civil Aeronautics ok'd the new jet transport plane for civilian passenger use, it did a unique thing. Eighteen C. A. B. officials took a somewhat hazardous experimental flight from Seattle to Los Angeles in the first model of the forthcoming Boeing 707.

CAB board member Joey Adams took over the controls for ten minutes of the flight. Adams is a Marine reserve flyer and has been checked out in both jets and helicopters.

It was the first time in history that the CAB has gone direct to an aircraft factory to obtain technical data. However, with a new age of air travel dawning, the board realized that unique problems will develop. Safety regulations, schedules, airline financing, all will become obsolete or revolutionized when the big jets take over the airways in 1959.

Besides the Boeing plant in Seattle, the CAB visited the Douglas plant in Los Angeles where another giant jet transport, the Douglas DC-8, is on the drawing boards. Like the Boeing 707, the Douglas DC-8 will make present airliners look like Model T's.

WASHINGTON PIPELINE

It now looks as if Uncle Sam may be forced to supply oil to Egypt as well as western Europe. The Egyptian government has asked for emergency oil to replenish her dwindling reserves. The State Department doesn't

world itself seemed in retrospect to take the same view. Newcombe was named his league's most valuable player, and the top pitcher in both leagues.

Welcome indeed are these cheering events in a story that seemed so dismal that afternoon of Oct. 10 when Newcombe walked off the diamond at Ebbets Field.

see how we can turn down Egypt as long as we are shipping oil to Britain and France. . . . A confidential State Department cable from Vienna reports: "Total Hungarian refugees arrived, 92,325. Departed, 21,947." . . . The State Department expects another 100,000 to sneak across the border to freedom during the months ahead. . . . Most Austrians have given up their Christmas money to help care for the refugees. Meanwhile, American aid still has not reached Austria in significant quantity. . . . Congressman Jim Patterson, Connecticut Republican, is circulating a petition among his colleagues, demanding that the State Department refuse to recognize the Hungarian puppet government.

CAPITOL NEWS CAPSULES

U. S. disagreement over Hungary—Secretary of State Dulles and Henry Cabot Lodge, our ambassador to the UN, are bickering over American policy toward Hungary. Lodge wants the United States to refuse to recognize the new Hungarian puppet government. But Dulles says no. He thinks appeasing Russia might bring a softer policy by the Kremlin. Dulles is anxious to reassure Russia that we have no ulterior designs on her satellite empire. Lodge, however, favors not only cutting off diplomatic relations with Red Hungary but also refusing to set the Hungarian delegation to the United Nations.

Natural Gas Headaches — It looks as if Speaker Sam Rayburn and Senate Leader Lyndon Johnson, both oil-minded Texans, will not take the initiative in bringing up the controversial natural gas bill next session. They know the Eisenhower administration secretly wants the bill passed, and has made a commitment to big oil campaign contributors. So Ray-

burn and Johnson figure they'll force President Eisenhower to ask for the bill, so the Republicans can suffer the political headaches.

Labor Will Duck Endorsements — AFL-CIO President George Meany has told subordinates emphatically that the AFL-CIO will never again endorse another presidential candidate. They will, however, campaign vigorously against certain congressional candidates. Meany already has marked a dozen senators as targets for 1958. They include: McCarthy of Wisconsin, Jenner of Indiana, Knowland of California, Goldwater of Arizona, Bricker of Ohio, Beall of Maryland, Purtell of Connecticut, Williams of Delaware, and Martin of Pennsylvania, all Republicans; with Byrd of Indiana, Holland of Florida, and Stennis of Mississippi, Democrats.

Knowland Embarrasses Administration—UN Ambassador Henry Cabot Lodge has admitted privately that Senate Republican Leader Knowland, now a UN delegate, embarrasses the American delegation with his out-spoken statements. . . . Lodge confided this about his fellow Republican to a Democratic delegate, Senator Humphrey of Minnesota. Humphrey consulted Lodge before issuing a press statement, asked whether the statement would embarrass the American delegation. Lodge replied that nothing Humphrey could say would embarrass them as much as Knowland constantly does.

If a bird lost all its feathers at one time, it would lose its power of flight and would be rendered helpless for a short time.

In travel time, New York City now is closer to Tokyo than it was to Philadelphia in the days of the 13 colonies.

Stuck for Stocking Stuffers? Try a Feather Duster in Mink

By DICK KLEINER

NEW YORK (NEA)—'Tis the weeks before Christmas and all over town you'll see last minute shoppers bedecked with a frown. That's because they haven't studied (a) the merchandise available and (b) the people they want to give presents to, then matched (a) with (b) and made everybody happy.

In case you're stuck, here are some potent presents, startling stocking stuffers and glamorous gifts for you to consider. They are arranged according to type of recipient. They should be some help in getting through the holly-balloo.

INDOOR GIRL: An old-fashioned feather duster might be the very thing. Only this one is made of mink. Perfect for sweeping up diamond chips and old caviar — \$10. A recipe box is good for this kind of gal. But try one in polished birchwood — \$12.50. Maybe she's the sewing kind; give the old sew-and-sew an all-gold sewing machine — \$5.00.

INDOOR MAN: A pair of uranium cuff links are nice. You can always keep track of the guy with your Geiger counter. Cuff links — \$20. Perhaps a nice jig-saw puzzle, made to your order — \$50 to \$350, depending on the size. A gold toothpick comes in a leather case — \$7.50. Or a left-handed billfold, for left-handed bills — prices depending on leather.

OUTDOOR GIRL: A dandy little item is a new two-ounce brandy flask, if you know any girls who are happy with only two ounces — \$4.50. A leather helmet for ladies who ride around in sports cars — \$35. A pocketbook with a transistor radio built-in, so she won't miss the soap operas even when she's out shopping for soap — \$129.50. A muff of ostrich feathers, big enough to hide her hands and the brandy flask — \$85.

OUTDOOR MAN: For those hunting and fishing trips, give him an

electric fish scaler, particularly if he frequents an AC-DC lake — \$19.95. For those roughing it nights by the campfire, he'll love a fire blower, guaranteed to turn any little spark into a roaring conflagration — \$10.85. A traveling spoon in a neat pigskin case — \$12.75. And, for the hunter who has everything, a duck press (\$75) is the answer. It's also a good gift for ducks with a literary bent. A skin-diving suit, for skin-diving without chilling your skin — \$90.

GLAMOUR GIRL: A bracelet with diamonds in a platinum setting makes a fairly nice bauble — \$21.450. If she likes Florida, a special lightweight mink stole, not too hot, not too cold — \$129.75. A fountain pen, in gold with sapphires, perfect for paying the milk bill — \$390. A pocketbook in leopard skin — \$522.50. A clip pin is a bargain at \$6.750, because it's reversible — she can show the diamond side or the gold side, depending on her mood.

GLAMOUR BOY: If he has a shirt with room for a stud, there's a pretty little black pearl stud available at \$3.500. A cigar case in woven gold — \$1,800. A bull horn can be fitted on his sports car, making even the sleekest Jaguar sound like a Guernsey — \$15. A stuffed pink elephant will look nice around his bachelor apartment and serve as the start of an endless series of say jokes — \$129.95.

KIDDIES: No little girl should be caught dead without a sweet little doll-house — nine rooms and working doorbell for \$295. And no boy with a dog will forgive you if you don't give him a mink overcoat for the pooch — \$75. And for kids of both sexes, there's a new musical decanter for whiskey — oops, wrong department.

MOM: Everybody reserves special gifts for Mom. Maybe she'd like a do-it-yourself pizza kit — 79 cents. Or an assortment of nails, to help with the odd jobs Dad doesn't do — \$1.50. Or a new broom,

Missile Outrages
Pursuing Jet and
Crashes in California

EDWARDS AIR FORCE BASE, Calif. (AP)—A Navy Regulus guided missile slipped free of its electronic controls Tuesday and out-

raced a pursuing jet plane before crashing on the eastern edge of Death Valley.

Navy officials said the 33-foot craft's guiding mechanism failed shortly after it was launched on a routine test flight. The jet plane was sent to bring the missile back under electronic control.

Officials said the missile outdis-

tanced the jet plane and crashed in an unpopulated region near Furnace Creek about 120 miles from here.

Fighting giraffes swing their long necks like baseball bats in an effort to knock each other off balance.

Three hundred gallons of jet fuel are needed to taxi a current jet bomber from the warmup ramp to the end of a runway for takeoff, usually a distance of about one and one-half miles.

Before Julius Caesar's calendar reforms, the Roman calendar sometimes was changed to affect a politician's term of office, according to the Encyclopedia Britannica.

Woman's Club Honors Charter Members, Past Presidents With Party

The club room of the public library was beautifully decorated in pink and gold Monday afternoon for the Christmas party held annually by the Harrisburg Woman's club. Charter members and past presidents were honored.

The officers' table was covered with a pink cloth with an overskirt of pink tulle and hanging on one side was a large Christmas stocking filled with gaily colored Christmas balls. At one end of the table stood a lovely pink and gold rose tree with tiny gold reindeer at the trunk. As the members came in they placed gifts beneath a snow white tree with bubble lights above which hung a Christmas wreath made of small cotton balls and gold bead rope.

Mrs. Hugh Walker was in charge of the program for the afternoon and introduced the Rev. W. L. Cummins who told the beloved Christmas story interspersed with Christmas carols sung by Mrs. Larry Barnhill and the members of the club.

Miss Bess Pemberton gave a tribute to the past presidents and charter members of the club comparing them to flowers in a lovely spring garden, and as Mrs. Hudson Mugge played soft music at the piano Mrs. Phil Durham arranged pink carnations in a planter. The response was given by Mrs. R. C. Davenport.

Past presidents were introduced and were presented glasses cases of pink felt decorated with sequins. Christmas gifts were exchanged and lovely refreshments of pudding topped with sauce and a cherry were served with coffee.

Hostesses were Mrs. H. N. Finney and Mrs. P. J. Frankenstein. The refreshment committee consisted of Mrs. Glynn McCormack, Mrs. Eltis Henson, Mrs. Charles Skaggs, Mrs. O. L. Turner Jr., Mrs. W. W. Damron, Mrs. Morris Skaggs, Mrs. Walter Unsell, Mrs. Dale Sullivan and Mrs. Clyde Webb.

Mrs. R. C. Riegel Is Hostess to Two Baptist Groups

Mrs. R. C. Riegel, 503 North Main street, was hostess Monday and Tuesday to two Baptist groups. On Monday evening she had the Christmas party for the Amoma class of the First Baptist church which she served as president for the past two years. At this event she was assisted by the present president of the class, Mrs. E. W. Smith, Mrs. Nellie Abney, Mrs. J. B. Moore, Mrs. Kuma Cox, and Mrs. Pearl Allen.

Mrs. Abney gave the devotion and Mrs. Cecil Pulliam led in prayer, after which Christmas gifts were exchanged, and fruit cake and whipped cream were served with coffee.

The program consisted of colored picture slides made by Mrs. J. A. Musgrave, teacher of the class, on her European trip during the past summer. Besides the famous places Mrs. Musgrave had taken pictures of "Banbury Cross," a Cornish fishing village, and rural life in Europe, church going Hollanders, and of course, London Bridge.

When she had finished "state-side" pictures made by Miss Faye Moffett at the dedication of the Eisenhower museum in Abilene, Kansas, Thanksgiving week end, and some beautiful autumnal and late summer garden scenes, were shown.

Those present were: Mrs. Los-

sie Temple and daughters, Shirley and Lillian, Miss Frances Cummins, Mrs. Corby Wickham, Mrs. O. T. Swinney, Miss Moffett, Mrs. Musgrave, Mrs. H. D. Spence, Mrs. Jim White, Mrs. Vida Dwyer, Mrs. Opal Johnson, Mrs. H. Boggess, Mrs. Hal Wilson, Mrs. C. C. Porter, Mrs. Lillian Tuttle, Mrs. Walter W. Wirth, Mrs. Dave Bowen, Mrs. Cyrus Steinsultz, Mrs. Ira Craggs, Mrs. Hal Wilson and the hostesses.

On Tuesday at the Dorothy Lawton circle, white elephant gifts were exchanged and the missionary program was presented by Mrs. Willie Potter, Mrs. Waldo Shelton and Mrs. Stanley Price. Also present were Mrs. Stella McNulty, chairman of the circle and Mrs. Rose Powers. Refreshments were served.

Dotty Shop Employees Enjoy Christmas Party

The employees of the Dotty Shop met at the home of the manager, Mrs. Pavah Whiteside, 608 South Ledford, Monday evening for the annual Christmas party.

Also observed was the birthday of Mrs. Whiteside.

The front entrance of the home was beautifully decorated with evergreen, colored lights and candy canes. Inside, gifts were placed beneath a large white Christmas tree adorned with colored balls, silver tinsel and glittering lights. The centerpiece for the table was of cedar and large white candles. Games were played with all win-

ning prizes. Christmas gifts were exchanged and the employees presented Mrs. Whiteside with a lovely gift of lingerie.

The door prize was won by Mrs. Mary Slow.

Delicious refreshments of home-made fruit cake, baked by Mrs. Whiteside's mother, Mrs. Keturah Lasseter, with whipped cream, coffee and hot chocolate were served to the following: Miss Barbara Upchurch, Mrs. Otis Ferrell, Mrs. Elbert Norris, Mary Field, Miss Janice Stiff, Mrs. Mac Watkins, Mrs. Catherine Dollins, Mrs. Mary Slow and Mrs. Pavah Whiteside.

Bomb Oil Well, Lines in Anglo American Fields

LONDON (AP)—Saboteurs exploded 16 bombs early Tuesday in the Anglo-American oilfields at Kuwait, setting fire to one oilwell and damaging pipelines, dispatches from Bahrain reported today.

It was the first serious outbreak against the West since the end of the Suez fighting. Kuwait police began an investigation but said no arrests had been made.

Other attacks on oil wells, gas pipelines, power station and a water distillation plant was unsuccessful, but tanker loadings were suspended and strict security precautions were set up.

A foreign office spokesman said the sabotage had not affected the overall production in Kuwait. Britain's biggest oil suppliers, Kuwait is an independent Arab nation under British protection and is located at the head of the Persian Gulf. It supplies 60 per cent of Britain's oil.

Set Up Headquarters

Maj. Gen. E. L. M. Burns, head of the United Nations Emergency Force (UNEF) flew from Cairo today to Port Said to set up headquarters in the tense city. The independent Egyptian newspaper Al-Ahram said in Cairo the UNEF would take over Port Said formally on Saturday.

The newspaper said Egyptian forces expected to enter the city on Christmas Day to take over from the U. N. police.

Israel meanwhile left unanswered the question of its total withdrawal from the Sinai Desert and there were no indications it would balk at turning over the entire area back to Egypt on grounds a new war might break out if it did.

If all the natural gas on earth were to melt, it would release enough water to raise sea level about 100 feet.

Woman Sues Father-In-Law For \$2 Million

CHICAGO (AP)—A Chicago woman has filed a two million dollar suit against her father-in-law charging alienation of affections.

Mrs. Jeannie F. Johnson, 32, charged in the suit filed in Circuit Court Tuesday, that her father-in-law, Albert Johnson, 59, began a campaign to lure his son away from her in January of 1955.

Mrs. Johnson's husband, Theodore, 35, left his wife and two sons in January of this year to move to Coral Gables, Fla., with his father.

The father-in-law, the suit charged, is a millionaire bowling alley operator, oil dealer and real estate owner. He has business investments in both Coral Gables and Chicago.

The suit also charged he used his money to persuade his son to end the marriage. Mrs. Johnson also filed a suit for separate maintenance charging her husband with desertion. The couple was married in 1945.

Eisenhower to Welcome Nehru To U. S. Sunday

White House Gives Detailed Plans For State Visit

AUGUSTA, Ga. (AP)—The White House today announced detailed plans for the state visit to Washington next week by Indian Prime Minister Jawaharlal Nehru.

Nehru will be welcomed to Washington Sunday by President Eisenhower, members of the Cabinet and the diplomatic corps. On Monday, the President and the prime minister will motor to the Eisenhower farm at Gettysburg, Pa., to spend the day and evening there, driving back to Washington on Tuesday morning.

Nehru will make a nationwide radio and television speech from Washington next Tuesday night. He will appear over the television and radio facilities of NBC and CBS and the Mutual radio network from 10:15 to 10:30 p. m. CST.

Mr. Eisenhower will wind up his vacation here Thursday and fly back to Washington with Mrs. Eisenhower in the afternoon. They have been vacationing at the Augusta National Golf Club since Nov. 26.

To Reside at Blair House

While there were reports from abroad that Vice President Richard M. Nixon was expected in Vienna, Austria, this weekend to study the Hungarian refugee problem, the White House announced that Nixon would greet Nehru at the Washington National Airport when the prime minister arrives at noon next Sunday.

Nehru and his daughter, Mrs. Indira Gandhi, will be entertained at lunch in the White House Sunday by Mr. and Mrs. Eisenhower. Then the Indian leader will take up residence in Blair House, the historic government guest house across Pennsylvania Avenue from the White House.

Following his Tuesday night speech, Nehru will have a news conference in Washington Wednesday and entertain at dinner for the Eisenhower family at the Indian embassy Wednesday night.

The prime minister, flying in the White House plane, will go to New York on Thursday, Dec. 20, for a two-day visit. On the night of Dec. 21, Nehru will fly to Ottawa where he will visit until the night of Dec. 23 when he will take off for London.

Japan Resumes Relations with Soviet Russia

TOKYO (AP)—Japan resumed formal diplomatic relations with Russia today 11 years after World War II.

In a ceremony at the foreign office, Japanese Foreign Minister Mamoru Shigemitsu and Soviet Deputy Foreign Minister Nikolai Fedorenko exchanged instruments of ratification formalizing the joint peace statement signed in Moscow Oct. 19.

The action set into motion a train of events which may erase the bitterness and heartaches Japan had experienced at the hands of Russia since Moscow scrapped its neutrality pact with Tokyo on Aug. 8, 1945, and overran the already crumbling armies of Japan in Manchuria.

The body was taken from the Martin funeral home to the residence to lie in state.

'You Are Among Friends', First Refugees Told

McGUIRE AIR FORCE BASE, N. J. (AP)—The vanguard of 15,000 Hungarian refugees to be brought to this country by a military mercy air-sea-lift landed here today. They were told by a representative of President Eisenhower "You are among friends."

The 199 Hungarians, first to arrive under the massive "Operation Safe Haven," ordered by the White House, landed in four silver planes of the Military Air Transport Service.

The Hungarians were happy and excited, but some were a bit worried about the future.

As each refugee filed from his plane before the base terminal building here, he was greeted personally and handed a printed statement by Tracy S. Voorhees, President Eisenhower's representative and personal coordinator of the Hungarian refugee program.

"You Are Among Friends"

It said, in part: "Acting on behalf of President Eisenhower: Welcome to the United States of America!"

"You have come among friends. You are the vanguard, and as such the representatives of the many thousands of brave Hungarians to whom President Eisenhower has offered asylum under an emergency provision of our immigration laws."

"The American people are stirred by your courage and by your suffering and those of your fellow countrymen. Our people everywhere in America earnestly desire to do all in their power to help you start your new life in our country. I repeat: You are among friends!"

Newsmen who had watched the refugees enter Munich and had flown with them in this first military lift, knew that they needed friends. They had pitifully few belongings—and many of those were ill-fitting and even makeshift clothing.

Welfare Department Includes New Buildings in \$31.3 Million Budget

SPRINGFIELD (UP)—New buildings at Chicago, Springfield, Champaign, East St. Louis and Rock Island were included today in a \$31,373,750 budget request by the State Public Health Department.

Dr. Roland R. Cross, department director, presented the budget request for state appropriations for the 1957-58 biennium to the State Budgetary Commission Tuesday and said "every penny" was needed if the department was to do its job.

The commission took no action on the request and chairman Sen. Everett R. Peters (R-St. Joseph) told Cross to restudy the request and "see what you can do with out."

The budget request included only funds to be drawn from state revenues and not federal grants

which raise the total budget over 40 million dollars.

The basic budget request was for \$17,316,410, plus supplementary budgets totaling \$4,653,840 for operational and special needs and \$9,403,500 for capital improvements—a grand total of \$31,373,750.

The capital improvements budget request included \$3,000,000 for a new laboratory building at Springfield and \$3,400,000 for a new lab at Chicago to replace scattered and outmoded facilities.

Also called for was \$700,000 for a new office and laboratory building at Champaign to house the Champaign branch laboratory and the department's east central regional office.

A similar \$700,000 appropriation was asked for office and lab space at Rock Island and \$500,000 for East St. Louis.

Also included in the proposed building budget was \$236,000 for a new wing at the Mount Vernon Tuberculosis Sanatorium, \$177,500 for improvements at the Chicago Tuberculosis Sanatorium, and \$575,000 for an addition to the Carbondale Laboratory.

The \$4,653,840 supplementary budget for operational and special needs was listed for stream pollution control, narcotics clinics, tuberculosis control, local health grants, public water supplies, milk control and communicable disease control.

Labor Budget Approved
The basic budget request included \$3,660,000 for purchase and distribution of medical preparations, including polio vaccine.

IMA Opposes Annual Sessions Of Legislature

SPRINGFIELD (AP)—A proposal for annual, rather than biennial sessions of the Legislature ran into opposition from the Illinois Manufacturers Assn. Tuesday at the first public hearing held on the subject by a legislative study commission.

Commission Chairman Rep. Peter C. Granata (R-Chicago) said invitations to attend the hearings were sent to more than a dozen civic groups, but none appeared to support the proposal.

William W. Downey, aide to Gov. William G. Stratton, told the commission the governor was in favor of annual sessions.

The commission adjourned to Jan. 8 without taking any formal action.

The Illinois Agricultural Assn. told the commission in a letter that it was not now prepared to take a stand on the matter, but that it opposed annual sessions unless one would be devoted every other year to financial matters only.

In another letter the legislative division of the Chicago Association of Commerce and Industry said it had no policy in regard to the matter.

Richard Jones, Chicago legislative director of the Manufacturers Assn., said his group believed annual sessions would "only accelerate a trend" toward greater governmental regulation of industry. He said annual sessions would result in "hasty, ill-considered" legislation and would destroy the "deliberative process" of lawmaking.

Jones said annual sessions would not necessarily attain the goal of tightening up state fiscal controls.

Crusade for Freedom Film Shown at Kiwanis

A moving picture film, "The Big Lie," giving portions of the untruths in films shown by the Soviets to satellite peoples, was shown to members of the Kiwanis club last night at the Masonic temple.

The film was produced by The Crusade for Freedom in support of Radio Free Europe and Free Europe Press in their projects to sustain hope and determination among the 70 million captive peoples of Poland, Czechoslovakia, Hungary, Romania and Bulgaria.

President Ronnie Doerge announced the Christmas party for Carmi Orphanage children by the Kiwanis club next Tuesday evening. The Carmi orphanage children will be brought to the meeting at the Masonic temple here and will be presented gifts from the club members and guests at the ladies' night meeting.

Bill Bottomley, president of the HTHS Key club, was a guest at the meeting and Warren Priest was a guest of Eugene Morris.

The club voted thanks to Ronnie Doerge for his leadership as club president this year. His term of office will close with the final meeting in December.

Reuther Says UAW To Seek Large Pay Hikes in '58

CHICAGO (AP)—Walter P. Reuther, president of the AFL-CIO United Auto Workers, has warned the UAW membership to be ready for a strike in 1958 to back the union's demands for its largest pay raise in history.

Reuther spoke late Tuesday at a meeting of the UAW skilled trades conference here. About 900 delegates are attending the three-day conference, which ends today.

The union president did not specify how much the UAW will demand from the auto, aircraft and farm implement industries, but said it will amount to "a big economic pie."

Reuther also served notice his union will open a drive to recruit thousands of office workers, engineers and technicians into the UAW.

proved a proposed budget of \$3,242,590 for the State Labor Department, which included a supplemental request of \$88,932 for additional employees. The budget compares with \$3,153,685 for the current biennium. Also approved with minor changes were budgets for the Supreme Court clerk's office, the Supreme Court reporter and the Illinois Legislative Reference Bureau.

Housewife Wins \$25,000 Top Baking Prize

NEW YORK — Mrs. Hildreth H. Hatheway, a housewife from Santa Barbara, Calif., Tuesday won the top prize of \$25,000 and a free trip to Europe for herself and her husband in the eighth annual grand national recipe and baking contest.

Mrs. Hatheway's winner in the two-day "bakeoff," sponsored by Pillsbury Mills, was a main dish of meat and baked dumplings in gravy, which she called California Casserole.

It is the first time a main dish ever has taken top money. Mrs. Hatheway, wife of a government trapper, has won several other recipe contests and has entered the national bakeoff each year for the last seven years.

Mrs. Hatheway, a woman of middle age, said she would use the money to buy a home.

Second grand prize of \$5,000 went to a teen-aged girl for the first time. Fifteen-year-old Natalie R. Ridden, Olympia, Wash., took second money with her original recipe for hoot owl cookies, a butter type cookie with chocolate drops forming the owl eyes.

In the bride division, first prize

of \$3,000 went to Mrs. Raymond E. Myers, 22, Milan, Ill., for her easy-cheesy buns; second money of \$1,000, to Mrs. Herman D. Balder Jr., 24, Dallas Center, Iowa, for her chicken a la cheese pie.

Additional Purchasers of Christmas Seals

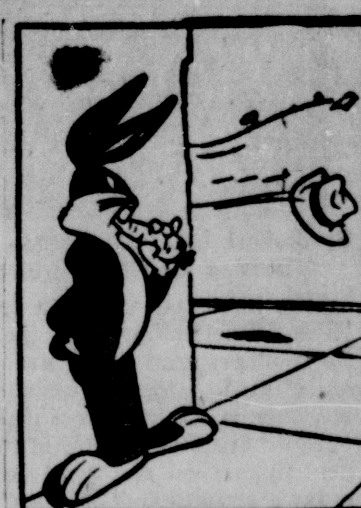

Additional purchasers of Christmas Seals of \$5 or more are listed as follows by Mrs. Naida Se-right Upchurch, chairman of the current drive by the Saline County Tuberculosis association:

Networks Plan Same Version of Dickens' Carol

BY ALINE MOSBY
United Press Hollywood Writer
HOLLYWOOD, (UP)—For Christmas two TV networks are unabashedly handing you viewers the identical present-musical versions of the Charles Dickens' classic, "A Christmas Carol."

At the demand of fans, CBS-TV is running for the third season its 90-minute filmed musical ver-

sion of the famous story Dec. 13, with Fredric Marsh and Basil Rathbone as stars.

And, as if one good show calls for another, NBC-TV is staging the same Dickens' story Dec. 23—also as a musical. If this show looks familiar, it may be because Basil Rathbone, the Marley's ghost in the CBS version, will be seen as Scrooge on NBC.

The NBC musical, re-named "The Stingiest Man in Town," also will star real singers—Patrice Munsel, Vic Damone and Johnny Desmond.

The CBS show was made two years ago by producer-director

Ralph Levy, who took the idea to the network because he wanted to try something more serious than his Jack Benny program. He graciously says he doesn't mind that NBC is musicalizing "A Christmas Carol," too.

"More power to 'em," he said. "We've been doing our version longer."

"Besides, I'm sure they'll have a different treatment. I must say I don't approve of popular singers for the classics. Damone and Desmond are good but I wouldn't fool with the classics that way. Our version is more like an operetta."

Gaiety Club Members
Enjoy Annual Christmas
Party at Santa's Restaurant

The members of the Gaiety club enjoyed their annual Christmas party Wednesday evening in Harrisburg at Santa's new restaurant. One of the private dining rooms was beautifully decorated and a Christmas tree with gifts piled high beneath it was the main attraction.

A delicious potluck supper was enjoyed consisting of roast beef, chicken and noodles and all the trimmings.

Mystery pals were revealed and gifts were unwrapped. The president, Mrs. Alma Gene Van Hoy, gave each member a hand painted hankie.

Each club member is to take some food to the president's house to fix a basket to be delivered Christmas Eve to a needy family. Games were played and prizes awarded to Lucille Russell, Elsie King, Alma Gene Van Hoy, Pauline Beasley, Lorelei Jennings, and the grand prize was awarded to Aline Hart.

Those present to enjoy the evening were Lucille Russell, Elsie Lea Ammon, Leanna Austin, Elsie King, Lorelei Jennings, Pauline Beasley, Aline Hart, Pearl Field, Alma Gene Van Hoy and daughter, Debbie, and the hostess, Opal Santy.

The next meeting will be at the home of Leanna Austin in January.

Thinking It Over

By Robert L. Dieffenbacher, D.D.
Written for NEA Service

Stop lights on the rear fenders of automobiles are put there to warn others that stops are going to be made. Most drivers watch the signals on the car ahead.

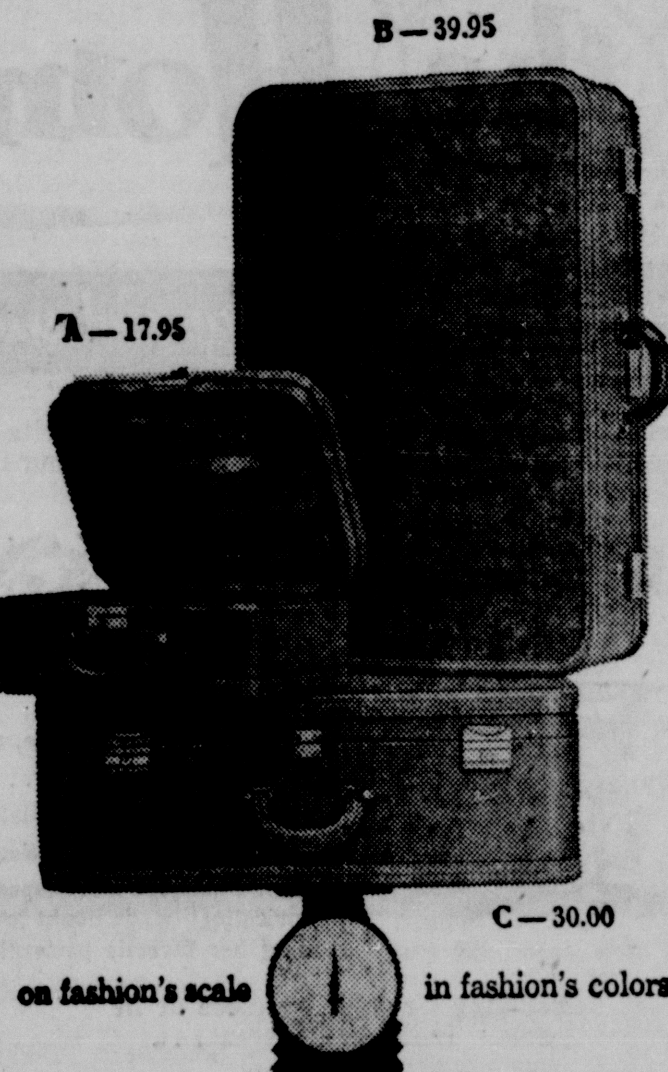

There are hundreds of little danger signals on the way through a day's activities. These warnings are almost as clear as the signal lights which assist us in our driving.

Why do we not pay attention to these flashing signals? Why do we plow through our fellow men? Do we enjoy wrecking their lives? Although we do not enjoy harming others, we give too little heed to the results of reckless living.

The next time someone holds out his hand to warn us of social or spiritual dangers it would be well to pause and consider the consequences. Kindness and love would make our course through life more pleasant. They would certainly cause less grief and mental suffering for others.

Diabetes ranks eighth among diseases causing death in the United States.

Fire Marshal Urges Caution With Decorations

SPRINGFIELD, Ill.—State Fire Marshal John J. Twomey today urged Illinois citizens to be extra careful with their Christmas decorations. Marshal Twomey stated that fires caused by faulty decorations killed 23 persons in the United States last Christmas season.

Twomey gave these suggestions for keeping your Christmas decorations safe:

1. Select a small tree. Keep it outdoors until ready to set up. Keep the tree moist while it is outdoors—this will keep the tree fresher and lessen the danger of fire.
2. Use only paper or cotton that

has been treated to resist fire to decorate the tree.

3. Use only electric lights on the tree and be sure that the wires are in good condition. Place the switch for the lights some distance from the tree.
4. Don't smoke around your Christmas tree.

Shopkeepers, too, Twomey said, should be sure that their decorations are not fire hazards. Twomey suggested that shopkeepers not use makeshift wiring in their displays and not put light bulbs among the combustible materials that often make up the displays.

Home fire extinguishers too, are recommended by Twomey. Persons who already have them, Twomey suggested, should check the extinguishers to determine whether their charge is still good.

CONSTIPATED?

New laxative discovery un-locks bowel blocks without gag, bloot or gripe

Constipation is caused by what doctors call a "thrift" colon that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken, constipating contents of your colon which now block your bowel must be remoistened. Second, bulk must be brought to your colon to S-T-B-E-T-C-H stimulate it to action; to a normal urge to purge. Only a bulk laxative can 1) remoisten this dry, shrunken waste and 2) supply vital bulk to recreate a normal

urge to purge. And, of all bulk laxatives, COLONAD, the new laxative discovery relieves even chronic constipation overnight, yet is so smooth, so gentle it has proved safe even for women in critical stages of pregnancy. Superior to old style bulk, salt or drug laxatives, COLONAD neither gags, bloats nor grips; won't interfere with absorption of vitamins and other valuable food nutrients; in clinical tests, did not cause rash or other reactions. It's a physiological fact: Exercise tones your body! And COLONAD exercises your colon to tone it against constipation, overnight! Get COLONAD, in easy-to-take tablet form at any drug counter, today! Only 98¢ for the 60 tablet package, brings positive relief at less than 2¢ per tablet.

Day of the Outlaw

Starrett looked to Bruhn but could not read the hooded gray eyes. He shrugged and swiftly outlined the situation between himself and Crane, building up his need for the disputed range and, later, his desire for the whole HC spread. Tex listened, glancing now and then at Bruhn.

"So what do you want done?" he asked when Starrett finished.

"Well, Crane is caught here in the town. He's the one you hit that first day," Starrett glanced at Tex. "If he was out of the way, I wouldn't have any problem. You gents are here, and you'll ride out before long."

"Pinned with a murder brand," Bruhn said. Starrett spread his hands.

"Is that new? How about Tommy Rikes? How many of you already have a killing tagged against you somewhere?"

Pace smiled thinly. "I check and pass."

"Well, this thing don't have to be murder. There's such a thing as starting a fight. You'd know how to do that."

"You could start your own fight," Pace said.

"Not me . . . not and take over that range." Again Starrett spread his hands. "Let's not act like woolly lambs. A quarrel's easy to pick, any time and any place. Any one of you could do it. I don't care how it's done or who does it. I just pay \$500."

Tex leaned back. "You don't rate this Crane very high, do you?"

"It's the best I can do," Starrett said. Tex looked at Bruhn, uncertain now and obviously disappointed at the price Starrett had set. Five hundred wasn't much

but, on the other hand, the job wasn't much, either. Darrow, Juarez, Pace, Denver, Egan, Vause or himself could do the job in a matter of five minutes. But there were other things to consider.

He had no compunction about killing a man, and taking care of Crane would be about as easy as shooting the head off a daisy. But this would be just one more killing added to the score against them in the town. The village seemed subdued, but Bruhn knew what men goaded beyond reason might do. This proposed murder might be just the thing that would change the whole picture.

He had thought for a moment that Darrow might use this offer as a means of forcing the issue he had evaded once before. But \$500 had disappointed Tex. If it wasn't for the rift in his own gang, he probably would have taken the offer. He cleared his throat and Starrett eagerly watched him.

"I don't know. Like I said before, I'll have to think it over. We'll be here a spell," Bruhn said heavily.

"But when the roads become passable . . ."

Bruhn cut him short. "Crane won't ride until we tell him he can."

Pace pushed back his chair and arose. He moved with easy grace to the door and outside. Starrett sat for a few moments, chewing the bitter cud of his disappointment, then, with an angry jerk, he arose and strode outside.

He started down the steps, giving Pace only a passing glance. The outlaw's calm voice checked him.

"Come here, Starrett. Maybe it's not all said yet."

Starrett checked, one foot on the bottom step. "What do you mean?"

"You've got the cash?"

"Not with me. It's at the Star ranch house. I could ride with you to Star. You'd have it then."

Pace looked down the street, digesting this. "Cash talks loud, Starrett. Beats a bellyful of words four ways from the jack. Too bad."

He smiled crookedly and calmly and walked down the steps, leaving Starrett to watch after him, frowning, puzzled, and yet with a new hope.

Pace crossed the street to the lumber yard office. He straightened his hat, raking the brim slightly, hitched at his gumbel and pushed open the door. Phil and Paula were at the desk. Paula seated, Phil standing beside her studying some invoices.

"Morning," Pace gave a glance and smiled at Paula. She looked hastily down at the ledger. Phil slowly came to the counter.

"Anything I can do for you?" "No just dropped in to pass the time of day. Nothing like getting acquainted with your neighbors."

"It's stopped snowing," Phil said carefully. "It will be a nice day and we're hardly neighbors. Besides, we're busy."

Pace slowly turned his head and looked at him.

"That winds it up between you and me, but there's still another neighbor in the room. What do you think of the day, ma'am? I'd say it's not quite so bright or pretty as you are."

She spoke quickly. "Thank you, sir. But we are very busy."

Phil stepped between him and the girl. "Mister, let's get things straight. You and your kind ride in and make us helpless. There's nothing we can do about that. But we want nothing to do with you. That goes for me and my daughter."

"Dad!" Paula jumped up. Pace slowly straightened and his nostrils pinched. A hot, fierce light came in his pale eyes and he stood poised on the ragged edge of violence. Pace's slender fingers curled slowly into a fist and then slowly straightened again.

"Too bad you're so busy, ma'am. I reckon there'll be another time before long."

THE EQUALITY CARDINALS, host squad to the 11th annual
Equality Invitational Holiday basketball tournament, which starts
Monday, Dec. 17. Left to right, standing, Don Frohock, Buddy

Annual Equality Invitational
Basketball Tournament Dec. 17-18

The 11th annual-Equality Invitational Holiday basketball tournament will be staged Monday and Tuesday, Dec. 17 and 18.
This year's cage meet at Equality will be different from the other ten in that only four teams will participate and pairings will be by "blind draw" only 30 minutes prior to the start of the first game.
In past years there were fields of eight clubs, with drawings completed about a week before the opening date and play continued for four nights.
The 1956 tourney will be a Galatin county meet "plus one." The three county high schools—Shawneetown, Ridgway and Equality—will participate and Cave-In-Rock accepted the invitation to be the fourth school.
During the ten-year history of the tournament four schools have each won two titles and two of the schools won consecutive championships.
Thompsonville was the first to successfully defend the title, taking top honors in 1951 and coming back to repeat in 1952.
Galatia First Champion
Then Shawneetown's outstanding teams raced to victory in 1954 and again in 1955.
Galatia was the first Equality champ, defeating Ridgway in the 1946 championship game. The 1947 first place trophy was carried home by Carrier Mills.
Galatia won its second championship in 1948 and Carrier Mills repeated in 1949. Then these two schools dropped out of the Equality affair.
Crab Orchard stepped into the winner's circle in 1950, then came Thompsonville's victories in 1951

Purdue Passer
Dawson Heads
Northern Squad

MOBILE, Ala. (UP)—Northern hopes for a victory in the eighth annual Senior Bowl All-Star football game here Jan. 5 will rest on the rugged arm of Purdue quarterback Lenny Dawson and the rapid legs of Wyoming halfback Jim Crawford.
Dawson and Crawford head an imposing list of senior college starters who signed up to play for the North in the unusual "pay for play" bowl game.
The two offensive stars will be operating behind a big, rugged line, and North Coach Joe Kuharich hopes they will be able to offset the talents of the South's triple threat back, Johnny Majors of Tennessee.
The North team is made up mostly of midwestern players, with nine from the rugged Big Ten conference. In all, 25 players have been selected for the North team.
Crawford, a long-legged Cowpoke tailback, paced the Wyoming squad to an undefeated season, set new school and Skyline Conference records and led the nation in rushing this past season.
Dawson's aerial artistry is equally impressive. No. 1 draft choice of the Pittsburgh Steelers, the Boilermaker ace has completed 243 of 452 passes for 3,325 yards in three seasons.
Sharing the offensive limelight are two other record-setting ball carriers—Art Luppino of Arizona and Bill Rhodes of Western Colorado.
With 31 receptions for 407 yards, Indiana's Brad Bomba led the Big Ten in 1956 and will pair with Bob Khoele of Purdue to provide tempting targets for Dawson's passes.

Two Awards
For Patterson

NEW YORK (UP)—Floyd Patterson, youngest heavyweight champion, today enjoyed the unique honor of being the only man ever chosen "fighter of the year" and "rookie of the year" by the Boxing Writers Assn. during his career.
The "rookie of the year" for 1953 was named "fighter of the year" for 1956 today by the association, which also announced that sports columnist Frank Graham of the N. Y. Journal-American had been awarded the annual plaque for long and meritorious service to boxing.
Patterson, 21, will receive the Edward J. Neil Memorial plaque for his outstanding contributions to the sport during the year at the boxing writers' annual dinner Jan. 24.

Albion Edges
Eldorado, 42-41

Eldorado, playing at home for the first time this season, dropped a 42-41 decision to Albion Tuesday night.
Both clubs were pretty cold in the field goal shooting department, each hitting 12 times, Albion getting its dozen on 44 attempts for a .473 average and Eldorado making two more tries and winding up with a .261 average.
Eldorado started out well and held a 12-7 lead at the quarter. Then Albion began to slowly eat away at the small advantage and by halftime Eldorado was in front only two points, 20-18. Albion was two points on top after three quarters and held on for a one-point victory.
The game marked the third consecutive squeaker Eldorado played in five nights, dropping a two-point to Galatia Friday, taking a similar decision from Ridgway Saturday, then losing by a single tally Tuesday.
The preliminary game went to Eldorado 52-46.
Eldorado plays at Anna Saturday.

Ridgway Drubs Galatia, 85 to 77;
Equality and Rosiclare Win

Ridgway and Equality won Greater Egyptian conference basketball games Tuesday night.
Ridgway won a high-scoring 85-77 decision over visiting Galatia and Equality turned back invading Shawneetown 67-60.
In other play involving conference teams Rosiclare travelled to Metropolis and grabbed an 84-50 verdict and Pope County, playing in the Karnak Invitational tournament lost to Brookport 65-55. Cave-In-Rock, the loop's seventh member, was idle.
Big Roger Suttner, Ridgway's 6-8 sophomore center, paced his club to victory with 32 points and the other four starters broke into double figures in the scoring column.
Odle, Galatia's sharp shooting guard, hit for 25 markers to take honors for his team. Two of his teammates, McFarland and Cantrell, also got in the double figure scoring.
Equality's more balanced attack overcame the sensational shooting of Shawneetown's veteran guard, Stewart, who connected for 14 field goals and two free tosses to account for exactly half of his team's 60 points.
Glover and Emery tied for Equality scoring honors with 17 each.
The teams battled on near even terms until the final quarter. The score was knotted 38-38 at half-time and Equality held a slim 53-51 lead at the end of three quarters of action.
Rosiclare was led to victory over Metropolis by the steady scoring of D. Seay and Nelson, with six players getting into the scoring act. Rinsinger was top scorer for Metropolis, coached by Claude Shelton, formerly at Carrier Mills.
The scoring: Rosiclare—Nelson 21, D. Seay 20, Conger 13, C. Seay 12, Smith 9, Ramsey 9; Metropolis—Taylor 12, Strattmeyer 9, Humma 6, Korte 2, Rinsinger 13, Mitchell 4, Christian 2 and Parr 2.
Two games were played in the Karnak tournament last night. Brookport won from Pope County 65-55 and Vienna advanced over Cobden 78-68.

Hawks Down
Knicks, 137-128,
For New Mark

By United Press
Scorekeepers in the National Basketball Association these days are hard pressed keeping track of all the points.
Tuesday night was a perfect example as the six teams which saw action poured in a total of 700 points for an average of 116.6 per team. The St. Louis Hawks and the New York Knickerbockers led the scoring derby with a total of 265 for a new regulation game league mark.
The Hawks, paced by Bob Pettit's 41 points, downed the Knicks, 137-128; the Boston Celtics, sparked by big Tom Heinsohn and Little Bob Cousy, defeated the Fort Wayne Pistons, 113-97, and Jack George's three-point spurt in the final 14 seconds carried the Philadelphia Warriors to a 114-111 win over the Minneapolis Lakers.
St. Louis and New York scored 137 points between them in the first half for another league record, 12 more than the previous mark, and the 70 points scored by the Hawks during the first half tied still another mark.

Major Leagues
To Reduce
Rosters Early

CHICAGO (UP)—Minor League baseball teams should be able to stabilize their lineups much earlier than usual next spring because the major leagues will have to release more surplus players 30 days earlier than in the past.
The major leagues Tuesday accepted the minor league proposal to force the big league clubs to reduce their rosters to 28 men by the opening day of the major league season, usually before the opening day in any minor leagues.
Previously, the major league clubs could retain 40 men if they chose until 30 days after the season opening. Most of them usually kept 30 players until just before the 30 day deadline requiring them to reduce their roster to 25.
The rule forcing reduction of the major league rosters to 25 remains effective 30 days after the opening day of the season.
The major leagues acceded to every request by the minor leagues and also adopted a resolution providing for the minor and major league meetings to be held at the same site each year with the minor leagues picking the location in odd numbered years and the majors naming the site in even numbered years.
The club owners voted down a proposal forbidding the transfer of championship games to non-major league parks, thus permitting Brooklyn, if it wishes, to continue playing league games in Jersey City. They also rejected a proposal to increase the allotment of World Series tickets to each major league team from 50 to 100.
On request of Commissioner Ford Frick, the owners voted out the rule governing the signing of college baseball players, effective Feb. 1, 1957. The current rule prohibits signing college players from the beginning of their sophomore year until their class graduates, except that a player may be signed in case of hardship, should he reach the age of 21, or should he quit school.
